

## CALLING ALL SCIENTISTS!

December 2016

Dear Parents/Carers

We would like the children to be scientists during the Christmas holiday!

Mrs Rose has organised a Science Focus Week for the first week back in January. We would like you to do something scientific with your child – this could take the form of a practical investigation or finding out about something scientific that interests your child. All the children will have an opportunity to demonstrate what they have done in class. There will also be a vote in class to choose which children will represent both Year 1 and 2 at the Science Fair on Thursday, 5<sup>th</sup> January. More details are attached to the Newsletter.

Please bring in whatever your child has prepared on Wednesday, 4<sup>th</sup> January so they can present their work to the class.

We hope you have a very happy holiday and enjoy supporting your child with this activity.

With best wishes

The Key Stage 1 Team
